

Motivate students with your experience

Volunteer for JA's Economics for Success

Stay put to move ahead...

Junior Achievement of British Columbia is looking for volunteers to teach our business education programs. Show students how to go far by staying right where they are. Help 14 and 15 year olds explore and manage their job and career choices by focusing on the direct links between further education and personal goals. Working with a volunteer partner, you will deliver this in-class program in one ½ day session, usually between 8:15am and 12:30pm, at a school near you.

We're looking for people who can help students:

- Understand how every opportunity is a stepping-stone to success
- Realize the financial constraints and demands of living on their own
- Discover their employability and develop their interviewing skills
- Learn the need for personal financial planning and setting realistic budgets

Do it for fun and personal satisfaction:

- Get students excited about careers and jobs in your industry
- Motivate students with your expertise and knowledge
- Exercise your presentation, coaching and team-building skills
- Network with other JA volunteers

Volunteer with a world-recognized leader of business education programs for youth. We will provide the orientation, materials and support to make your volunteer experience fun, meaningful and easy to deliver.
