

Volunteer with Junior Achievement

Open Doors to Business Excellence

Step into the classroom and help students take steps in the right direction! As a Junior Achievement volunteer, you bring the real world of work to students and hand over the keys to success. **Company Program - A Student Venture** inspires high school students to understand the role of business in our society by creating an enterprise of their own. Show students what it takes to accomplish their goals!

By collaborating with professional volunteer consultants to **design, organize and operate a real business**, students experience how a small enterprise functions. Company Program - A Student Venture offers new possibilities for the next generation of successful start-ups.

Your Company Program Experience

Company Program runs for 16 weeks from **October 2010 to March 2011**. Teams meet in various locations across Calgary **from 6:00 – 9:00pm on Tuesday, Wednesday, or Thursday evenings**. As a volunteer you will receive all necessary training and materials to succeed as a Company Program Advisor. Volunteer time commitment includes a 3 hour training session, 16 weeks of Company Program, and meeting prep time.
