

ESIS SEASON ~ 2010

ESIS~Economics for Success

Share your business expertise and volunteer for this exciting **one-day** hands-on event. We have classes booked throughout Waterloo Region and all we need is for you to select the date (or dates☺) that you would like to volunteer.

Traditionally, volunteers are paired together with friends, colleagues, and/or family members for the ESIS day...however, not all volunteers enjoy sharing the spotlight. Please let us know if you would like to volunteer on your own, or if you would like to recruit a partner (friend, family, co-worker etc.) for the ESIS day and we will accommodate you accordingly.

This extremely popular one day program is designed to help students understand the financial impact of a quality education and the importance of staying in school. This updated program includes new activities and follow-up lessons while remaining focused on budgeting, career exploration and job search skills.

As an inspiring ESIS volunteer, you can:

- Share your business expertise and experiences
- Hone your presentation skills
- Act as a role model
- Be a teacher for a day
- Help students learn about budgeting and the cost of living
- Increase student's knowledge of resumes, job applications, and interview skills
- Discuss the future & post-secondary education options

Give back to the future! Sign up today to be the one to teach our youth about the importance of staying in school and receiving a quality education. (Sponsorship opportunities are available as well.)
