

## Our Community - Needs, Jobs, Tools

Give students the building blocks of a successful career, right here at home. Our Community - Needs, Jobs, Tools provides elementary school students with perspective on the importance and impact of business in shaping our lives. Students actively define the cornerstones of a strong society and learn about their role in its growth and prosperity.

### Get Back to Their Roots

Demonstrate the value of skills, money and resources by exploring various family and economic situations. Our Community - Needs, Jobs, Tools gives students a first-hand look at how they can become better prepared for business and make a positive impact in their community. Ensure future success builds upon a solid foundation of home-grown knowledge and skills.

- Practice interviewing people with job experience
- Role-play and imitate the characteristics of different jobs
- Complete the cycle of earning and spending
- Create a mural to illustrate and describe tools in the workplace

### Your Junior Achievement Experience

Like other Junior Achievement programs, Our Community - Needs, Jobs, Tools is curriculum-linked, student centred and skills focused. It can be delivered by a qualified business volunteer once per week for 40-60 minutes over a four week period, at no cost to schools or groups.

For more information about this and other programs please call 1-800-265-0699 or visit [www.jacan.org](http://www.jacan.org).

### Students Achieve

Greater understanding of how jobs satisfy the needs of people living in their community

Improved ability to acquire and comprehend new information

Appreciation of the tools and skills necessary to perform different jobs

*"I liked having a business person teach us because when I'm older I will know how to be good at my job."* Student, Grade 3
